Be Better Looking-Take Olive Tablets

If your skin is yellow—complexion allid—tongue coaled—appetite poor you have a bad taste in your mouth -a lazy, no-good feeling-you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a sub-stitute for calomel—were prepared by Dr. Edwards after 17 years of study oth his patients. Dr. Edwards' Olive Tablets are a

purely vegetable compound mixed with olive oil. You will know them by their olive color. To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause. Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—

yet have no dangerous after effects.
They start the bile and overcome
constipation. That's why millions of
boxes are sold annually at 10c and 25c. All druggists. Take one or two night-ly and note the pleasing results.

"In the same way New York women are preparing themselves for service in military hospitals and to care for convalescents. We have seven Red Cross bash hospital units each with 500 beds, in New York, ready for instant service. While the professional

staffs have been filled by sur-geons and nurses from city hos-pitals, the non-professional staff of nurses' aids and assistants will be requited largely from women who have taken the Red Gross training courses. More than 3,000 women in New York are avail-able for this hospital auxiliary services.

"The teaching ceptre, at No. 3 East Fifty-sixth Street, which we opened last October, has already been outgrown. To supplement its work and to provide for additional classes the house next door has also been loaned to the Red Cross. This is to be opened this week. From this school alone we are now turning out an average of 300 women each week.
